

Increase Your Productivity by using the builder's cart designed for the carpenter. Decrease your workload by transporting and storing your supplies. Showing one typical application, the cart will carry portable air compressor, tools, supplies plus mitre saw for job action. The builder's cart also comes with two **SH-2** swing handles for carrying wood clamps, stepladder, or other items of choice. Unit is strong and durable and has a 400 lb. weight capacity. Ideal height for mobile work bench. **For other options see page 12.**

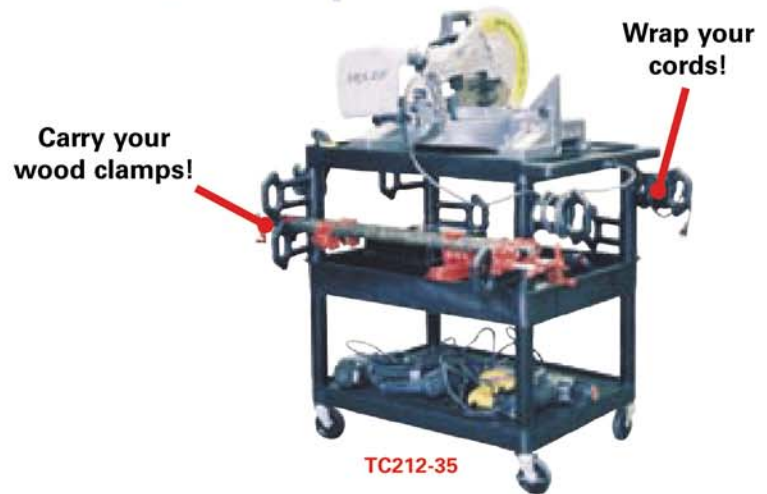

Features Included

- All shelves reinforced with two aluminum bars.
- Push handle molded into top shelf.
- Easy assembly with rubber mallet.
- Comes with 4" casters, two with locking brake.
- Carts can be equipped with larger casters.
- Shelf clearance 11".
- Includes two SH-2 swing handles.
- Cart's composition is non-conductive - *much safer than steel carts!*

SC-48-3-40

Wide worksurface to make your job easier!

Easy transport of tools and supplies!

SC-48-3-40

A Carpenter's Dream, a moveable workbench with everything at one's fingertips! Wider cart makes working more comfortable, work area less cluttered, and safer for working. One of many other applications, carts will carry portable air compressor, tools, supplies plus mitre saw for job action. Comes with two **SH-2** swing handles for carrying wood clamps, stepladder, or other items of choice. Cart is strong and built to last with all shelves reinforced with two aluminum bars. It is recommended to equip builder's cart with **FEB** - fire extinguisher brackets for increased safety. Some larger units may require two brackets. Shelf clearance is 12 1/2". Shelf clearances can be altered to accommodate larger air compressors or dust collectors. **For other options see page 12. For other cart selections, see pages 8-11.**
